EDUCATION

Vahdat Girls High School

23/03/2007 – 06/12/2019

I had the first position in school for five years among 1000 students, and I was eager to learn from every moment even out of school so I did many volunteers task before graduation like teaching kids in kindergartens and providing STEM education for girls.

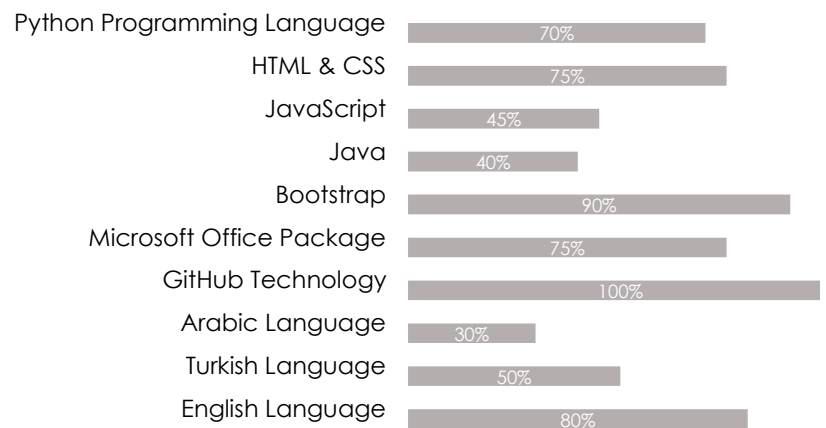

Code Institute

Diploma in full stack software development

2022-continuous

This is a one-year full stack course that I won the scholarship through a coding competition.

SKILLS

I Have a couple of projects I have done in Python, HTML & CSS, JavaScript that you can view in my GitHub profile.
